

Veteran's Memorial Bridge and Hwy 169/Belgrade Interchange Project

About the project

MnDOT will make major repairs to Veteran's Memorial Bridge and the Belgrade Ave. Bridge over Hwy 169 connecting the cities of North Mankato and Mankato. Additionally, interchange ramp signals will be replaced, ramp configuration will be modified, and sidewalks will be replaced. The project will be built in coordination with the City of North Mankato's Belgrade Ave. reconstruction project.

Areas of improvement

Replace the deck of Veteran's Memorial Bridge, which spans over the Minnesota River, the railroad, and Riverfront Dr.

Repair approach panels and joints on the bridge over Hwy 169

Replace the signals at the interchange of Hwy 169 and Belgrade Ave.

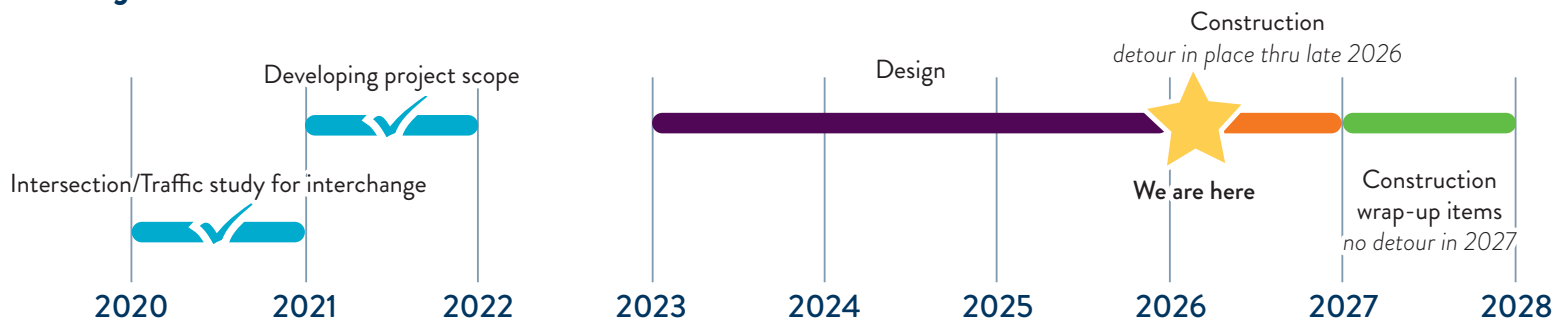

Replace pedestrian ramps and sidewalk to meet Americans with Disabilities (ADA) standards

Provide dual left turn lanes to the Hwy 169 southbound on ramp
